RE: Financial Report of Asiatopia 4/2002

Dear Dr. Rosalia,

On behalf of Asiatopia Organizing Committee, I would like to thank the Rockefeller Foundation for its support to our regional initiative. Without your support the Asiatopia – an International Performance Art Festival focuses on Asian Initiatives, would not be possible. And I hope that the report will be able to explain our success and response from the public in Bangkok, as well as its task in strengthening artists community in the region and around the globe. I also looking forward to the future cooperation between the Rockefeller Foundation and Concrete House/EMPOWER Foundation.

I am sorry for the delay of the financial report, due to our annual meetings and new year retreat also many other activities which the EMPOWER Foundation/Concrete House has been immediately involved.

Please see the attached financial statement, bill and receipt as required, and two copies of narrative report of the festival. Thank you very much.

Sincerely Yours,

Chumpon Apisuk
Artistic Director
