

Performance Malamut

Antonín (A), Dariusz (D), Timo (T), Salla (S)

All of us together with the audience walk to Poděbradova street. "A" delineates the site of crime by the marking tape. "D" and "T" walks inside of the square defined by the tape. They are both tough, suspicious-looking guys. "A" walks behind the corner. The scene is ready to begin.

"A" is walking from behind the corner. He is drunk. "D" and "T" spot him.

"T" [shouting]: "Hey you, yes, you, little brother, hey do you have change from five hundred?"

"A" "What do you mean?"

"T" "We need to change money."

"A" "Hm. Yea, I think I have."

"A" is crossing the street, he searches for the money in his wallet. He gets very near the two men. "T" grabs the wallet ["A": "What the fuck!"] They struggle over the money. Documents fall from the wallet. "A" 'falls' on the pavement. ["A": "Salla, could you please draw us?"] "S" comes and outlines the lying body of "A" and legs of standing "T" and "D". She returns to the audience. "A" gets up:

"A": [shouting] "What the hell? I am bleeding from the head! I am bleeding from the head!" *All three look at each other for a moment. "A" grabs the documents and runs behind the corner.*

"T": [shouting] "Wait, wait, this is my documents! It is my documents!" *After a short while "A" returns to two men.*

"A": "You are right, these are your documents. I am sorry."

"T": "It's ok, thanks."

Both men are looking at "A's" head. They look scared.

"D": "Listen, buddy, it doesn't look good. You need some plaster or bandage or something."

"T": "Yea, wait here..." "T" leaves away to the nearest open bar.
In the meantime "D": "Oh no, it doesn't look good. Oh no." "A" is bleeding heavily.

"T" walks inside and returns with the two plasters [he had them already in his pocket]. He puts them on "A"'s forehead so they are forming an "X".

"A" is still bleeding but not so much anymore. "T" and "D" are looking at "A".

"D": "Shit, we need to get him to the hospital."

"T": "Shit, you are right man, damn. [to "A"]: "Allright, buddy, listen, we need to get you to the hospital, okay? Look, there is a taxi over there. Let's go to the hospital, ok?"

"A": "Ok."

All three sit inside of the taxi and leave to the hospital.
